## Price List of Field Seed, Cultivators, Seeders, Sprayers, Etc.

### January 1, 1946

Seed Corn Prices and prices of several other items could not be determined at the time our catalog went to press. We are therefore issuing this list to supply missing prices as well as to indicate price changes since the catalog was printed.

Seed corn particularly is very scarce and our supply of some sorts is very short while two or three kinds are already sold out.

Prices are subject to change without notice and for sale. All prices are F. O. B. Bismarck and on seed include sacks.

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any seeds, trees or plants we send out, and we will not be in any way responsible for the crop, but are always willing to give attention to just claims and to make right errors and faults in filling and handling orders.—OSCAR H. WILL & CO.
